PA 1584

The PA 7 prefix is issued in commemoration of the
700th anniversary of the city of Amsterdam.
Only licenced ham stations from Amsterdam are allowed to use the PA 7 prefix from January 1 until December 31, 1975.

This QSL-card is one of a series of eight. By working as many PA 7 stations as possible you can obtain the complete set and thus acquire a nice reproduction of the old map of Amsterdam as it was in 1462.
